DESCRIPTORS Annual Reports; Directories; Library Collections; Library Expenditures; Library Services; *Public Libraries; *State Libraries; *Statistical Data
IDENTIFIERS *Utah

ABSTRACT

The Utah Public Library Service annual report for 1975 includes a financial and statistical report of the State Library Commission. Then for each public library in the state, data are given on staffs, circulation, collections, income, and expenditures. A comparative table for 1973 through 1975 shows total library spending per capita by county. Also included are a directory giving the name, address, phone number, and director of each public library and one listing public library trustees. (PF)

* Documents acquired by ERIC include many informal unpublished *
* materials not available from other sources. ERIC makes every effort *
* to obtain the best copy available. Nevertheless, items of marginal *
* reproducibility are often encountered and this affects the quality *
* of the microfiche and hardcopy reproductions ERIC makes available *
* via the ERIC Document Reproduction Service (EDRS). EDRS is not *
* responsible for the quality of the original document. Reproductions *
* supplied by EDRS are the best that can be made from the original. *

Davis County North Branch

Mrs. Lorna Byrd - Librarian
Dedicated - October 5, 1975
Local Funds \$158,595
Revenue Sharing 420,000
L.S.C.A. Title II Funds 158,595
Total Funds \$737,190

The New branch of the Davis County Library system is located in Clearfield, Utah replacing the small branches in the north end of the County. With approximately 13,000 sq. ft. of floor space, the new branch provides services such as reading area for adult, young adult and children, lounge areas, thousands of additional books, group study rooms, typing room, area for children's story time, a work room and other staff areas. The building also has a full size basement in which is a large auditorium, multi-purpose room for use of auxiliaries and other groups, and a center for the Senior Citizens.

The new building has enabled the County to upgrade their staff and provide up to date modern library services for the North Davis County area.

Utintah County Public Library

Mrs. LeOra Jacobe, Librarian
Local funds \$105,876
Revenue Sharing 24,518
LSCA Title II Funds 70,000
Total Funds \$200,394

The Utintah County Public Library now has an addition of 4,000 square feet of new floor space and 2,142 sq. feet of remodeled space. Which enables them to provide additional services to meet the needs of the people of this area. For example, patrons now have lounge and readings areas for adult young adults and children, and a multi-purpose

room which will accomodate groups up to one hundred for displays, art shows etc. This additional space has made it possible to venture into many new programs such as A.V. materials and equipment, records, pictures, maps of the Utintah Basin areas as well as displays of many kinds such as things to do with Dinosaurs, rocks, etc. They also hold fun story hours with the children, and entice many more adults into the library because of additional books and materials. Thus, meeting the needs of the patrons of Utintah County.

Southwest Weber County Branch Library

Evelyn Dussol, Librarian
Dedicated February 1, 1975
Local Funds \$76,766
State Bicentennial Grant \$35,000
L.S.C.A. Title II Funds \$79,942
Total Funds 191,708

Late in 1975 the new Southwest Branch of the Weber County Library opened its doors to the public. Serving the residents of the Roy area, the branch has 4,800 square feet floor space designed to meet immediate community needs and easily adjust to new services. The building is wired for television reception and viewing so that it can readily be tied to cable television broadcasts from the main library when such service is inaugurated. This is the first library in the state to use bookstacks which can be moved into different configurations while fully loaded by means of a hydraulic lift. This will allow for the most efficient and flexible use of the building. A built-in story hour pit highlights the children's department. A unique feature of this library is 800 square foot American Heritage Center, funded by the Utah Bicentennial Commission. It houses historical materials of state-wide interest and is decorated in Early American furnishings and accessories.

C. Institutional Library Services (L.S.C.A. Title I)

During the Fiscal Year 1974-1975, Title I funds provided the following for our state's institutions.

State Prison	Purchased books, equipment and magazines.
State Training School	Purchased AV equipment, books and materials.
State Hospital	Purchased books, magazines, supplies, AV materials and equipment.
State Industrial School	Purchased books, AV Equipment and supplies.
State Schools for Deaf & Blind	Paid salary of full-time library assistant & AV equipment.

II. SPECIAL SERVICES DIVISION

Services to the Blind and Physically Handicapped (L.S.C.A., Title I).

During the fiscal year, 1975, Title I and State Funds were used to extend library services to the blind and physically handicapped people in Utah. Wyoming contracted with the State Library for total library service to their blind and physically handicapped people. The states of Idaho, New Mexico, Oregon, Nevada, Colorado and Montana contracted with the State Library for braille services only.

The Utah State Library for the Blind and Physically Handicapped is the Multi-State Center serving 13 western states. As such, Utah is a back-up in service and collection to the Regional Libraries for the Blind in the West.

During fiscal 1975, the State Library circulated books to the blind and physically handicapped in five different formats, i.e.; braille books, talking books, books on tape, large print books, and cassette books. The circulation statistics of each type of book are listed on the following page.
